International Bible Lesson Applications

1. The Bible says Lot was a righteous person, but he was not discerning and wise. We need to pray for discernment, wisdom, and the knowledge of God's will before making life-changing decisions.
2. Lot moved from a tent to a wicked, godless city. Unless the Lord Jesus calls us to serve Him in such a place, for the sake of our family and ourselves we should not reside in such places if at all possible.
3. Lingering or hesitating to obey God immediately or according to God's timing can lead to disaster unless the Lord shows us mercy.
4. By showing hospitality, we may entertain angels unawares.
5. The prayers of others may have saved us from unknown and untold disasters and problems, and our prayers can make the same differences in the lives of others without anyone but God knowing the differences.
